

What is LSEG Finance Essentials

It is an online program designed to provide learners with the key concepts of finance and the capital markets. Using real world examples showcased in Workspace, the programme combines theory and practical application in a compelling self-paced course that will test the learner in a final assessment.

What topics does it cover?

The program consists of seven modules, including a LSEG Workspace Introduction, Capital Markets Overview, Economics, Currencies, Fixed Income, Equities and Excel/Codebook topics.

How long will it take to complete the modules?

The LSEG Finance Essentials modules will take approximately five hours to complete. Practice questions are included at the end of each module. These results will not be factored into the final assessment grade.

Who can take it?

It is available to all at no charge. It is best experienced for those with access to LSEG Workspace but this is not a requirement.

What is the structure of the final assessment?

The assessment is one hour in length and will consist of 30 multiple choice questions. It requires a 75% pass rate. Once you have completed the test, you will receive your results instantly. If you are unsuccessful, you are permitted to have one further attempt. Access to a standard calculator or Microsoft Excel is recommended to complete the final assessment.

Will I be issued a certificate when I complete the programme?

Participants who successfully complete the programme will be given a digital certificate of completion signed by LSEG's Group Head of Capital Markets that can be added to your LinkedIn profile.

Do I need access to Workspace at the time of the assessment to be successful?

The successful completion of LSEG Finance Essentials does not require the learner to have access to Workspace at the time of the assessment.

How do I register for the LSEG Finance Essentials programme?

You can register for the programme in two ways. Either one will require a school issued or corporate email address.

1. Access from the LSEG Learning Centre: [Click here](#)
2. Access from LSEG Workspace from the help menu

If you are an existing LSEG Workspace user, you can sign in using your product credentials.

Can I access the programme from a mobile device or tablet?

The LSEG Finance Essentials is available on mobile devices and tablets.

How do I access the modules I have not completed yet?

From the LSEG Learning Centre, choose Your Learning and then Learning Dashboard or access from the Certification menu.

I am a professor and want to integrate the certification into my curriculum, how do I request this?

From the LSEG Learning Centre, click Take Certifications and select LSEG Finance Essentials. Choose the Professor tab and complete the request form.
